

MOHIT KUMAR

Java Developer

☎ 9462255051 ✉ ymohit0795@gmail.com 🌐 LinkedIn 🐙 GitHub 📍 Gurgaon, India

PROFESSIONAL SUMMARY

Full-Stack Java Developer with expertise in creating end-to-end web applications using **Spring Boot**, **MySQL**, and **Thymeleaf**. Possesses a strong foundation in Core Java, RESTful application structure, and database management, effectively connecting backend logic with dynamic frontend views while adhering to clean code practices.

EDUCATION

DPG Degree College | Gurugram

May 2024 - Jun 2026

Master of Computer Applications

CGPA : 8

Concentrations: Software Development

Coursework: Computing in Core Java, Advanced Java, Data Structures and Algorithms, Spring Boot , Hibernate , Servlet & JSP.

Amity University | Gurugram

Jun 2019 - May 2022

Bachelor of Science in Mathematics

CGPA : 7

Concentrations: Applied Mathematics

Coursework: Discrete Mathematics, Probability and Statistics, Linear Algebra, Differential Equations, Real Analysis

PROJECTS

TAXI BOOKING | 🐙 Github 🌐 Live

Jun 2026 - Aug 2026

Java Developer

- Built a **Taxi Booking web application** using Java 17 and Spring Boot 3.x, structuring **100%** of the backend around MVC architecture to maintain a modular and scalable codebase.
- Integrated Spring Boot DevTools for live reloading during development, cutting server restart downtime by **~40%** across feature testing cycles.
- Implemented Spring Data JPA and Hibernate Validator to enforce automated backend data verification, preventing invalid booking entries before they reach the MySQL database.
- Configured Spring MVC request mappings to route multiple URL aliases (/home, /index, /welcome) to a single view controller, simplifying frontend navigation and reducing redundant code paths.

Technologies / Tools Used : Java 17, Spring MVC, Spring Data JPA, Hibernate, MySQL, Thymeleaf, Maven, Spring Tool Suite (STS)

Portfolio | 🌐 Live

Feb 2026 - Apr 2026

Java Developer

- Built a responsive Personal Portfolio application using **Java 17** and **Spring Boot 3.x** to dynamically showcase personal software engineering projects, technical skills, and resume details.
- Replaced static HTML content with a dynamic **MySQL** database backend managed via **Spring Data JPA**, making project additions and profile updates instant without redeploying code.
- Implemented an automated contact form using Spring Boot.

Technologies / Tools Used : Spring Boot 3.x, Spring MVC, Spring Data JPA, HTML5, CSS3, Bootstrap Build & Tools: Apache Maven, Spring Tool Suite (STS) / VS Code, Embedded Tomcat, Thymeleaf, Mysql

SKILLS

Frameworks & Libraries : Spring MVC, Spring Data JPA, Hibernate, Thymeleaf, Spring boot

Databases : MySQL, Oracle

Soft Skills : Problem Solving, Data Structures & Algorithms (DSA), Clean Architecture, Logical Thinking, Communication, Time Management

Languages : English, Hindi
